#### Victim of a Mad Assault

Contracting Carpenter of Sacramento Is Seriously Injured by Employee.

ACRAMENTO, Cal., June 4-Henry Wynn, a contracting carpenter, has been assaulted by a man who struck him a hammer. A carpenter named W. J. Evans is charged with the crime. Evans is a member of the local Carpenters' union. He attempted to persuade two non-union men employed by Contractor Wynn to quit work. Wynn told Evans to come around after working hours if he wanted to talk, and Evans, it is alleged, seized a hammer and struck Wynn on the forehead,

breaking the frontal bone. Evans was subsequently arrested by Detective Naghel. While the detective was in the act of placing handcuffs on him Evans knocked him down and made

his escape.

The Building Trades Council and the Carpenters' union of this city assert that Evans is not a delegate of the Carpenters' union and did not act on their request or by their authority.

Evans came to Sacramento from Seattle several months ago.

Trial of Three Men Accused of Burning Sheep Camp Results in Their Acquittal.

ARAMIE, Wyo., June 4.-The trial of William R. Keyes, Harry Keyes, Wesley Johnson and Frank Carroll, charged with killing 300 sheep and burning the sheep wagons of Maxwell & Stevens at Tie Siding, on the night of April 25 last, has ended in a verdict

The prosecution endeavored to prove the defendants were among the sixteen masked men who raided the sheep camp, by the evidence of three herders who were at the camp and who were tied to fence posts by the raiders. The defense brought forward an allbi-

for each man and also witnesses to prove good character. The case aroused much interest in this part of the State, as it is regarded as a contest between sheep and cattlemen. The sheep are still in the Tie Siding district.

A MAN CAN'T swim in shackles.
It isn't a question of his winning a race, but a question of being able only to keep afloat. The man who is suffering from malnutrition is like the fettered swimmer. His stomach and

its allied organs of digestion and nutrition are diseased. It is not a question with him of winning in the race for business but of simply keeping up under \_ any circumstances. Whenever disease affects the stomach it is affecting also the blood and the health of every organ of the body. For blood is only blood is only food converted into nutrition and nutri-

tion is the life of the body and every organ of it. Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutri-tion. It purifies the blood and enables the perfect nutrition of the body which

means perfect health. means perfect health.

"For six long years I suffered with indigestion and my liver and kidneys, which baffied the best doctors in our country," writes E. L. Ransell. Esq. of Woolsey. Prince William Co., Va. "I suffered with my stomach and back for a long time, and after taking a 'cart-load' of medicine from three doctors I grew so bad I could hardly do a day's work. Would have death-tike pains in the side, and blind apells. I began taking Dr. Pierce's Golden Medical Discovery and "Pieasant Pelleta." Before I had taken half of the second bottle I began to feel relieved. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce."
